

Dumping trash in unauthorized locations is unsightly and can cause major public health and safety concerns. Dumpsites can contain broken glass, exposed metal, hazardous wastes, and other dangerous materials. Rats, snakes, mosquitoes and other pests are attracted to and populate around dumpsites...making the costs to clean these sites run into the thousands of dollars. Illegal dumping also has economic impacts on the surrounding neighborhoods – it fosters a negative community image. People are more likely to dump on property where dumping has already occurred.

Stopping illegal dumping makes good environmental and economic sense, and it is everyone's problem. Help Keep Victoria Beautiful and significantly reduce illegal dumping by working together with your local elected officials and law enforcement officers for a cleaner, healthier, and safer community.

**Unauthorized locations include:** creeks, lakes, storm drains, sewer systems, unauthorized use of a dumpster, and non-state regulated solid wastes sites or land.

**Authorized locations include:** state permitted landfills, collection stations, and/or recycling facilities.

### Common Illegal Dumping Violations include:

- Throwing litter out of a car or boat;
- Dumping household trash, construction debris and / or yard waste in unauthorized locations;
- Hauling trash for profit and dumping it in unauthorized locations;
- Letting someone else dump waste on your property, whether they pay you or not;
- Pouring used motor oil or restaurant grease into storm drains or down manhole covers;
- Disposing of trash or yard waste in area creeks, and lakes.

### Citizens can take an active role in stopping illegal dumping by following the suggestions listed below:

- Always dispose of your own litter properly;
- Spread the word to friends and neighbors that illegal dumping is a crime;
- Do not transport unsecured debris in the back of a vehicle - always use a tarp or other cover;
- Organize volunteer cleanups of illegal dumpsites – people are less likely to litter in clean areas;
- Write or call your city or county elected officials and let them know that illegal dumping is a concern in your community;
- Do not pay roofing or other contractors until they present you with a landfill receipt showing that your waste was properly disposed;
- Report illegal dumping to:  
Local Law Enforcement or TCEQ

### Penalties under the Texas Litter Abatement Act, Health and Safety Code 365:
